

Jesus,
Light of the World,
let this Christingle remind me
how much you love me
and that you want me to share
your love with everyone.
Shine in the darkness this Christmas.
Amen

LIGHT UP A CHILD'S LIFE

THIS CHRISTMAS

Toni is 9. She lives with her grandparents since her mum died last year. Toni's life has never been "normal". She's always worn second-hand clothes and has often gone to bed cold and hungry.

She worries the family will be cold this winter, that she'll never have brand new shoes and that gran and papa will leave her just like mum. So much weight on such small, young shoulders.

Sadly, there are thousands of children across Scotland who face similar fears every day.

Please visit **bit.ly/aberlourchristingle2021** to donate.

With your support, Aberlour will be there to help children like Toni for as long as it takes. Thank you.
